Re: Deskside Consultant, Long View Systems

Dear Long View Systems Hiring Team,

I am applying for the Deskside Consultant role at your Calgary head office. I enjoy deskside work because it is where technical skill and patience with people both matter, and I have done it across help desk, ISP and in-house IT roles.

Your posting covers Windows 11, Microsoft 365, VPN, hardware and support for executives. At Hexagram I supported staff on all of these, managed the company's SaaS platforms and set up its network and storage. I hold CompTIA A+ and Google IT Support certifications and completed full CCNA training. I currently work in Alberta Health Services hospitals, where discretion and calm communication are part of every shift.

I am legally entitled to work in Canada, live in Calgary, and can start with two weeks' notice. I would welcome the chance to talk about how I can help your team. My portfolio is at citizensadi.com.

Sincerely,

Sadisu Hassan
